

Associate Professor of Logic
Institute of Philosophy, Chinese Academy of Sciences &
Department of Philosophy, University of Chinese Academy of Sciences
South 4th Street, Zhong Guan Cun, Haidian District, Beijing, China

Email: lidazhu@ucas.ac.cn
Homepage: <https://dazhuli-logic.github.io/>

ACADEMIC POSITIONS

- **Institute of Philosophy, Chinese Academy of Sciences &
Department of Philosophy, University of Chinese Academy of Sciences**
Associate Professor
Assistant Professor
Beijing, China
Dec. 2023 - present
Nov. 2021 - Dec. 2023
- **Nicolaus Copernicus University in Toruń**
Visiting Scholar
Toruń, Poland
Aug. 2023 - Oct. 2023, Jun. 2025 - Sep. 2025

EDUCATION

- **Ph.D. in Logic (jointly awarded)**
Department of Philosophy, Tsinghua University
Institute for Logic, Language and Computation, University of Amsterdam
Sep. 2017 - Oct. 2021
Beijing, China
Amsterdam, The Netherlands
 - Supervisors: Prof. Fenrong Liu, Prof. Johan van Benthem, Dr. Alexandru Baltag
 - Dissertation: Formal Threads in the Social Fabric: Studies in the Logical Dynamics of Multi-Agent Interaction
- **Master of Logic**
Department of Philosophy, Peking University
Sep. 2013 - July 2017
Beijing, China
 - Supervisor: Prof. Yanjing Wang
 - Thesis: Modal Mereology (in Chinese)
- **Bachelor of Philosophy**
Department of Philosophy, Zhengzhou University
Sep. 2009 - July 2013
Zhengzhou, China

RESEARCH INTERESTS

- **Logic**
Modal Logic, Dynamic Logic, Epistemic Logic
- **Applications of Logic**
Logic in Philosophy, Games, Social Networks, Theoretical Computer Science, and AI
- **Current research directions:**
 - Logics for graph games
 - Logics for dependence and causality
 - Modal approaches towards mereology
 - New foundations for epistemic logic and uncertainty reasoning
 - Monotonicity reasoning

RESEARCH UNDER SUBMISSION AND IN PROGRESS

• **In Progress:**

1. Modal Logic (in Chinese)
Joint work with Johan van Benthem and Xinwen Liu
2. Decidability of the hybrid logic of hide and seek games
Joint work with Fenrong Liu and Katsuhiko Sano
3. Hybrid logics for product logics with diagonal constant
Joint work with Katsuhiko Sano
4. Epistemic logic of hide and seek games with simultaneous movements
Joint work with Sujata Ghosh
5. Tableau for the logic of hide and seek game
Joint work with Carlos Areces, Valentin Cassano, and Qian Chen
6. Topological approach to mereological sum and fusion
Joint work with Rafał Gruszczyński
7. Abstract mereology
Joint work with Rafał Gruszczyński

1. Cops only need factual knowledge to catch robber. The 23rd International Conference on Principles of Knowledge Representation and Reasoning (KR 2026). Lisbon, Portugal. July 20-23, 2026.
2. Modal logics for substitution. Tsinghua Logic Colloquium (Summer Meeting: Reasoning, Modality and Non-classical Logic), July 14, 2026.
3. Modal approaches towards mereology. Workshop on Mereology. Shandong University, June 22, 2026.
4. What knowledge matters in order to meet? Workshop on Advances in Social Network Logic. Tsinghua, June 3-4, 2026.
5. Cops and robber: only factual knowledge matters. Recent Trends in Logic and Game Theory 2026. Chennai, India. March 16-18, 2026. (online)
6. Logics for the hide and seek game. The 18th Tsinghua Logic Colloquium (Advances in Logic), Beijing, China, January 12, 2026.
7. Hybrid product logic with diagonal constant. 2025 Academic Frontiers Forum of Beijing City Federation of Social Science Circles – Beijing Association of Logic Session. Beijing, Nov 15, 2025
8. Graph games and logic design. Computational Logic and Applications Winter School. Shantou, October 25, 2025.
9. Meet vs avoid: logical approaches to the hide and seek game. Recent Trends in Logic and Game Theory 2025. Chennai, India. February 11-12, 2025. (online)
10. Graph game logic: some recent developments. International Workshop on Logic and Games, Taiyuan, China, October 19, 2024.
11. Logics of the hide and seek game & product logics with diagonal constant: A hybrid approach. The 12th Tsinghua Logic Colloquium (Summer Meeting: Advances in Logic), Beijing, China, August 17, 2024.
12. Mereology based on the sum relation. The 3rd international workshop on Logic for Multi-Agent Systems, Zhejiang University, Zhejiang, China, June 22-23, 2024.
13. Modal logics for mereology. Interdisciplinary Seminar on Logic, Cognition and Mathematical Philosophy, Sanya, China, April 29 - May 3, 2024.
14. A modal approach towards substitutions. SWU-UiB Logic Workshop. Chongqing, China. March 27-28, 2024.
15. Tableau calculi for the hybrid logic of the hide and seek game and further extensions. Sapporo One-day Workshop on Hybrid Logic and Proof Theory. Sapporo, Japan. March 7, 2024.
16. Action-information interplay in cops and robbers games. Bridges between Logic, Ethics and Social Sciences (BLESS). Toruń, Poland. November 22-25, 2023. (online)
17. A logical approach to learning process. Logic Meets Norms. Tsinghua University, Beijing, China. May 29, 2023.
18. Logical approaches to the Cops and Robber game. Chinese Annual Conference on Mathematical Logic. China. November 25-27, 2022.
19. Hybrid logic of the hide and seek game. Sichuan University. November 24, 2022.
20. A logical analysis of dynamic dependence. Tsing Ch'a Sessions. Tsinghua University, Beijing, China. May 26, 2022.

21. Mereological bimodal logics. Beijing Normal University, Beijing China. March 25, 2022.
22. Undecidability of the logic of hide and seek games. Indian Statistical Institute. June 16, 2021. (online)
23. A modal logic for supervised learning. LIRa Seminar. University of Amsterdam, Amsterdam, The Netherlands. January 23, 2020.
24. Dynamic epistemic logics in social networks. Logic Salon. Tsinghua University, Beijing, China. October 23, 2019.
25. Losing connection: modal logics of definable link deletion. The 13th Conference on Logic and the Foundations of Game and Decision Theory (LOFT 2018). Milan, Italy. July 16-18, 2018.
26. Modal mereology. Non-classical Modal and Predicate Logics: The 9th International Workshop on Logic and Cognition. Guangzhou, China. December 4-8, 2017.

PROJECTS

• As PI:

- | | |
|---|-----------------------|
| 1. Study on Modal Mereology
Social Science Foundation of Beijing, China [24ZXC007] | Nov. 2024 - Nov. 2027 |
| 2. Neighborhood Semantic Approach towards Mereology
"Excellence Initiative - Research University" Program,
Nicolaus Copernicus University in Toruń [16/2023/Mobility] | Aug. 2023 - Oct. 2023 |
| 3. Logics for Strategy, Dependence and Stability in Multi-Agent Interaction
National Social Science Foundation of China [22CZX063] | Sep. 2022 - June 2026 |

• As Participant:

- | | |
|---|-----------------------|
| 1. Study on logics of uncertainty reasoning and their applications
PI: Beihai Zhou, Shanxi University
Major Program of the National Social Science Foundation of China [24&ZD227] | Oct 2024 - Aug, 2029 |
| 2. A Study of Logic of Human Reasoning based on Image Schema Theory
PI: Chao Xu, Shanxi University
National Social Science Foundation of China [23BZX126] | Sep. 2023 - June 2027 |
| 3. Study on the Reasoning and Argument Patterns in Hongming Collection
PI: Liying Zhang, University of Chinese Academy of Sciences
National Social Science Foundation of China [20BZX103] | June 2022 - June 2026 |
| 4. Logics of Information Flow in Social Networks
PI: Fenrong Liu, Tsinghua University
Major Program of the National Social Science Foundation of China [17ZDA026] | Dec. 2017 - Jan. 2022 |

TEACHING

• University of Chinese Academy of Sciences

- | | |
|--------------------------------|---------------------------------------|
| ◦ Philosophical Logic | Spring 2026, Spring 2025 |
| ◦ Topics in Mathematical Logic | Fall 2026, Fall 2025, Fall 2024 |
| ◦ Introduction to Modern Logic | Spring 2026, Spring 2025, Spring 2024 |

- Logic and Critical Thinking
- University Writing

Spring 2022, Spring 2023
Spring 2023, Spring 2024

- **European Summer School in Logic, Language and Information (37th, 2026)**

- Reasoning in graph games: A modal logic study (with Sujata Ghosh)
Course website: <https://sites.google.com/view/graphgamesesslli2026>

August 3-7, 2026, Prague

PROFESSIONAL EXPERIENCE

- **Served as Reviewer for:**

Logic and Logical Philosophy (2026), International Conference on Principles and Practice of Multi-Agent Systems (PRIMA 2026), Advance in Modal Logic (2026), Erkenntnis (2022, 2024), Studies in Logic (2022, 2026), Synthese (2022, 2026), Journal of Logic and Computation (2025, 2026), Journal of Logic, Language and Information (2025, 2026), International Conference on Logic, Rationality and Interaction (LORI 2021,2023,2025), National Conference on Modern Logic (2022, 2026), Theoretical Aspects of Rationality & Knowledge (TARK 2023,2025), Pacific Rim International Conference on Artificial Intelligence (PRICAI 2023, 2025), Asian Workshop on Philosophical Logic (AWPL 2023, 2024, 2025), Chinese Philosophical Review (2024), Workshop on Logic, Language, Information and Computation (WoLLIC 2024), ESSLLI Student Session (2024, 2025), International Workshop on Non-Monotonic Reasoning (NMR 2024), Australasian Journal of Logic (2026)

- **PC Member of:**

National Conference on Modern Logic (2022, 2026), Pacific Rim International Conference on Artificial Intelligence (PRICAI 2023, 2025), International Conference on Principles and Practice of Multi-Agent Systems (PRIMA 2026), Asian Workshop on Philosophical Logic (AWPL 2024, 2025, 2026), ESSLLI Student Session (2024, 2025), International Conference on Logic, Rationality and Interaction (LORI 2025, 2027), Indian Conference on Logic and its Applications (ICLA 2027)
